And she s been holding everything together pretty well in her twenty-two years, passing for (almost) normal in her small Southern town. Until she meets Damon - an intriguing man whose father is also insane - and an intense attraction turns her world upside down. He brings out a darker side to her she s tried hard to keep hidden. Like her secret craving for blood. Suddenly, the people she s known all her life, and trusted the most, are changing. They re keeping secrets, lying, and hiding things. Damon begins to convince her that a fifty-year-old mystery could not only reveal the truth of the insanity plaguing their families, but also lead to a cure. However, for the cure to be true, she must first believe they are descended from supernatural beings - vampires from a parallel universe. And to believe such a thing would be crazy. Right?.
