MILLIONAIRE TEACHER: THE NINE RULES OF WEALTH YOU SHOULD HAVE LEARNED IN SCHOOL

BRILLIANCE AUDIO, United States, 2014. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. Most people wouldn't expect a schoolteacher to amass a million-dollar investment account. But Andrew Hallam did so, long before the typical retirement age. And now, with *Millionaire Teacher*, he wants to show you how to follow in his footsteps. With lively humor and the simple clarity you'd expect from a gifted educator, Hallam demonstrates how average people can build wealth in the stock market by shunning the investment products peddled by most financial advisors and avoiding the get-rich-quicker products concocted by an ever widening, self-serving industry. Using low-cost index funds, coupled with a philosophy in line with the one that made Warren Buffett a multi-billionaire, Hallam guides listeners to understand how the stock and bond markets really work, arming you with a psychological advantage for when markets fall. Shows why young investors should hope for stock market crashes if they want to get rich. Explains how you can spend just 60 minutes a year on your investments, never open a financial paper, avoid investment news, and still leave most professional investors in the dust. Promotes a unique new investment methodology that combines low cost index funds and a Warren Buffett-esque investment philosophy. *Millionaire Teacher* explains how any middle-income individual can learn the ABCs of personal finance and become a multi-millionaire, from a schoolteacher who has been there and done that.
