Reviews

An extremely great ebook with perfect and lucid answers. This is certainly for anyone who statte that there was not a well worth looking at. Its been designed in an exceptionally simple way and is particularly only soon after i finished reading through this ebook in which actually transformed me, modify the way in my opinion.

Dept. of Housing and Urban Development, 1994 OCLC Number: ocm30099257 Subject: Indians of North America -- Dwellings -- Handbooks, manuals, etc. Excerpt: . . . FOR INDIAN HOUSING 7 Paae symbol, is brought into the life of the house, blessing it with light and warmth. Symbolism Space of The As a general principle, a large and open central space is critical to Indian tradition. The space serves a communal function. The space is often circular, representing a philosophy of the cycles of nature and the continuity of life . The circle also symbolizes equality and the concept of sharing . Openness of space also serves well in passive solar design. Solar heat is collected primarily on the south side of the house and be must distributed, primarily by natural convection, to the north side. open A floor plan facilitates this transfer. A large central area, with rooms radiating from it to the east, north, and west, is an ideal passive solar plan. of Materials Symbolism The Indians traditionally lived in constant contact with the materials of their natural environment and came to regard these materials as important symbols. Such materials can also serve important thermal and luminance functions within a house. Massive natural materials, such as adobe and rock, are very effective for storing solar heat admitted into the house during the day. Their effectiveness in this role depends on their location and color, as discussed in Parts Ibo and Three of Section massive floor, always a I. A feature of traditional Indian houses, is very effective heat storage but is only where the sun shines directly on Other mass in walls or roof it. effective even without...
