Jaypee Brothers Medical Publishers (P) Ltd., 2015. Softcover. Book Condition: New. 5th or later edition. A CD-ROM is presented along with the book. It has some of the chapters presented in the e-format of the book along with multiple choice questions (MCQs) with their answers and a few powerpoint presentations of some of the important issues in medicine. The various pictorial atlases along with their explanations are added. This is a useful new addition to the 10th edition of the API Textbook of Medicine. Key Features The book is completely revised, updated and better illustrated. There are over 3000 pages with 1622 figures and 1460 tables. These large numbers of tables and figures have been used so that the information is easily understood and reading is facilitated. In this endeavour, many new additions have been done as compared to the previous edition. The book consists of 29 parts and each part discusses a group of disorders. In addition, 28 new chapters have also been added. 1. An entirely new part Future of Medicine, has been added. This part of the book deals with the anticipated progress in medicine which will be put to clinical use in the coming one to two decades or the advances that are being used in their early stages in clinical practice. 2. A new chapter on Disease Profile and Epidemiology of Communicable and Non-communicable Diseases in India has been added so that the reader has an ample understanding of the diseases commonly prevalent in this part of the world. 3. During the 9th edition, a new part had been added Clinical Approach to Key Manifestations. This has been further expanded and six new chapters have been added out of which one deals with the selection of the imaging modality which will be...
