I call it a twitter book: a very short, fast read, chocked-full of great information. Ask yourself this question: Is there any process in your business where a 55 result is okay? Anything? Because hiring decisions, probably the most important any manager will make, according to the people in the white lab coats with the pocket protectors, are often very painful, require an intense process and the result is often well below the preceding abysmal threshold. TJ, the main character, in this fable s quick-read adventure is an over-stretched, over-ambitious and over-conflicted, albeit wildly successful manager-sound familiar? His fumbling, stumbling, but ultimately successful trek into this world of hiring will engage you, entertain you, educate you and ultimately change your view of one of the most intense and difficult processes any manager in any business will have to be involved in-hiring-and, like with TJ, will change your life. Congratulations. Good Luck. Have Fun. Happy Journey.
