

Abnormal, Clinical and Forensic Psychology with Student Access Card (Mixed media product)

By David A. Holmes

Pearson Education Limited, United Kingdom, 2010. Mixed media product. Book Condition: New. 262 x 192 mm. Language: N/A. Brand New Book. Abnormal, Clinical and Forensic Psychology offers a European perspective and a unique, comprehensive introduction to the field of abnormal psychology. The book takes an international perspective and considers the impact of cross-cultural issues, beliefs and opinions. The book explores the nature of psychopathology and its causes, and addresses the psychological studies that have shaped psychopathology. The book integrates clinical and forensic psychology and the use of case studies throughout the book offer a unique and intimate portrait of each disorder, bringing the concepts to life through personal experience. Topics and debates covered in the text range from nature vs. nurture and the mad bad debate, to obesity and food addiction. The book is supported by a companion website: The website includes: Fascinating video interviews with real disorder sufferers and day in the life documentaries charting their experiences; plus multiple choice tests for each chapter. Abnormal, Clinical and Forensic Psychology is recommended reading for all undergraduate Psychology students that cover abnormal psychology as part of their course, i.e. clinical, forensic, health, mental health, psychiatry, and psychopathology related modules.

Reviews

This kind of pdf is every little thing and made me seeking ahead of time plus more. It generally will not price excessive. You will not truly feel monotony at anytime of the time (that's what catalogues are for concerning should you request me).

-- **Dr. Rosie Kuphal**

This composed pdf is great. It usually will not cost too much. I am very easily can get a pleasure of reading a composed book.
