This volume of the journal - volume four, number one - contains thirteen articulate essays on topical issues in Africa/African studies written by contemporary African scholars from diverse disciplines - Philosophy, Religion, Linguistics, Theater/Media Studies, Oceanography, Political Science, and Education. Some of the topical issues addressed are: the nature of metaphysics in Integrative Humanism (a contemporary school of African philosophy), development of viable systems of logic in African philosophy, rural education, social change, advertising and media exchange, Boko Haram -terrorism in Nigeria, sustainable development and climate change. The essays are informative, engaging and comprehensible.
